

JANE DOE

Senior Backend Engineer

San Francisco, CA, USA | +1-555-0199 | jane.doe@example.com | linkedin.com/in/janedoe | github.com/janedoe

SUMMARY

Backend engineer with 6.5 years of experience designing and scaling distributed systems and cloud-native infrastructure. Currently a Senior Backend Engineer at CloudTech Inc., specializing in Go microservices, Kubernetes orchestration, and high-throughput data platforms. Proven record of improving system reliability, reducing infrastructure costs, and mentoring engineering teams.

SKILLS

Languages: Go, Python, SQL

Infrastructure: Kubernetes, Docker, Terraform, AWS, CI/CD (GitHub Actions)

Data Stores: PostgreSQL, Redis, Kafka, Elasticsearch

Practices: Microservices, Distributed Systems, System Design, API Design, Observability

EXPERIENCE

Senior Backend Engineer — CloudTech Inc.

Mar 2022 – Present

- Led the redesign of a core payments microservice in Go, cutting p99 latency by 42% and supporting 3x traffic growth.
- Migrated legacy workloads to Kubernetes, standardizing deployments across 20+ services and reducing infra costs by 25%.
- Owned PostgreSQL data layer for the platform, implementing sharding and query optimization that reduced average query time by 35%.
- Mentored a team of 4 backend engineers and established Go coding standards adopted org-wide.

Backend Engineer — NimbusData Systems

Jul 2019 – Feb 2022

- Built RESTful and gRPC APIs in Go serving 10M+ daily requests for a SaaS analytics product.
- Containerized monolithic services with Docker and orchestrated deployments via Kubernetes, cutting release time from days to hours.
- Designed event-driven pipelines using Kafka, enabling real-time data processing for downstream analytics.

Software Engineer — Brightline Labs

Jun 2017 – Jun 2019

- Developed backend services in Go and Python for an internal tooling platform used by 200+ engineers.
- Implemented automated testing and CI pipelines, improving deployment confidence and reducing production incidents by 30%.

EDUCATION

B.S. in Computer Science

San Jose State University, CA

Graduated 2017

CERTIFICATIONS

Certified Kubernetes Administrator (CKA) | AWS Certified Solutions Architect – Associate
